Rheumatic poisons are quickly and surely driven out of the blood with Dr. Shoop's Rheumatic Remedy—liquid or tablet form. Dr. Shoop's booklet on Rheumatism plainly and interestingly tells just how this is done. Tell some sufferer of this book, or better still, write Dr. Shoop, Racine, Wis., for the book and free test samples. Send no money. Just join with Dr. Shoop and give some sufferer a pleasant surprise. All dealers.

Mr. and Mrs. G. S. Dugan and daughter, of Marshfield visited Tuesday night between trains with Mr. Dugan's sister, Mrs. S. E. Bouldin. They were on their way to Wichita and Anthony Kans. On their return they will make a longer visit in Monett.

The old fashioned way of dosing a weak stomach, or stimulating the Heart or Kidneys is all wrong. Dr. Shoop first pointed out this error. This is why his prescription—Dr. Shoop's Restorative—is directed entirely to the cause of these ailments, the weak inside or controlling nerves. It isn't so difficult, says Dr. Shoop, to strengthen a weak Stomach, Heart or Kidneys, if one goes at it correctly. Each inside organ has its controlling or inside nerve. When these nerves fail then those organs must surely falter. These vital truths are leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. Test it a few days, and see! Improvement will promptly and surely follow. Sold by all dealers.

Enlarging Your Business

If you are in business and you want to make more money you will read every word we have to say. Are you spending your money for advertising in a haphazard fashion as if intended for charity, or do you advertise for direct results?

Did you ever stop to think how your advertising can be made a source of profit to you, and how its value can be measured in dollars and cents. If you have not, you are throwing money away.

Advertising is a modern business necessity, but must be conducted on business principles. If you are not satisfied with your advertising you should set aside a certain amount of money to be spent annually, and then carefully note the effect it has in increasing your volume of business; whether a 10, 20 or 30 per cent increase. If you watch this gain from year to year you will become intensely interested in your advertising, and how you can make it enlarge your business.

If you try this method we believe you will not want to let a single issue of this paper go to press without something from your store.

We will be pleased to have you call on us, and we will take pleasure in explaining our annual contract for so many inches, and how it can be used in whatever amount that seems necessary to you.

If you can sell goods over the counter we can also show you why this paper will best serve your interests when you want to reach the people of this community.

ONE HUNDRED REASONS WHY YOU SHOULD CARRY A BANK ACCOUNT

(CONTINUED)

No man is likely to be given a position of trust or honor unless he is favorably known at the bank.

For sanitary reasons it is better to issue checks than to handle foul, germ-carrying, poison-laden currency.

A word from your banker at the right time, may enable you to make more money than all the letters of recommendation you can carry.

An active bank account is one of the best means of establishing credit with your business associates.
